Cyber Safety – Crime Stoppers of Houston

Monday, September 30, 2019 at 6:30 p.m. in Palmer Hall

A special presentation for parents that will focus on safety tips and precautions for social media, hidden apps, live streams, games, online challenges, and other digital mediums. They will also teach parents how to spot online dangers and important safety settings to protect from cybercrime.

Parenting with Positive Discipline – Susan Meriwether, M.A.

Thursday, November 7, 2019 at 6:30 p.m. in the Library

Susan Meriwether, M.A. will cover strategies to raise well-behaved children with balanced discipline based on the renowned book by Dr. Jane Nelsen. Parents will learn how to discipline without having to choose between the extremes of strictness or leniency.

Mindfulness – Crystal Collier, Ph.D.

Wednesday, November 13, 2019 at 8:05 a.m. in Palmer Hall

This parent presentation will focus on healthy relationships among youth. Dr. Collier will explain how the relationship landscape is changing and will teach how to create healthy boundaries for safe and long-lasting relationships for our children.

The Importance of Play – Whitney Zisman M.Ed.

Thursday, January 30, 2020 at 5:30 p.m. in Palmer Hall

Mrs. Zisman will present evidence from Rice University's Early Literacy Program on the critical importance of play in children. This overview will also share tools and resources for parents to apply at home. These ideas are aligned with the learning process in the classroom that develop their fine motor skills and creative thinking.

Shaping your Child's Behavior – Crystal Collier, Ph.D.

Wednesday, Feb. 5, 2020 at 8:05 a.m. in Palmer Hall

Dr. Collier will discuss with parents the principles of shaping and conditioning the behavior of children with tools to shift negative behavior patterns. She will also share strategies to create a healthy modification plan that mentors children towards positive behavior.

Positive, Effective Development – Deborah Fry, Ph.D.

Wednesday, March 4, 2020 at 8:15 a.m. in the Library

Dr. Fry recognizes the overwhelming and confusing information available nowadays on the "right" way to discipline children. During this presentation, parents will learn the roots and causes of children's misbehavior, how to diagnose the misbehavior and apply the proper remedy to redirect behavior.
