EPISCOPAL SCHOOL

Dear Parents,

As HSES prepares for the 2020-2021 school year, we want to remind you of the annual health requirements for students in every division, from infants to 8<sup>th</sup> grade:

- 1. Student Health Record** – The parent AND a physician must sign this form by *August 19, 2020*. Bring the health form to the physician's office during the examination for them to sign or they can complete if a visit occurred recently (physician offices are used to filling out these forms.) Scan or take a picture of the signed document and email to [nurse@hses.org](mailto:nurse@hses.org). It is the parent's responsibility to book a physical during the summer and provide the form by the deadline.
- 2. Current Immunization Records** – Provide an updated copy attached to the health form by *August 19, 2020*. The school nurses will review all health records and report to the Texas State Public Health Department to ensure each student is compliant with state requirements. All students, new or returning, must provide an updated immunization record and health form every year.
- 3. Middle School Athletic Participation Form** – Middle School students trying out for a school athletic team must provide a Sports Physical Form. Complete the form and email to the Athletic Director at [mvinzant@hses.org](mailto:mvinzant@hses.org), along with a copy of the Health Form signed by a physician, by *August 19, 2020*. This form only applies to Middle School.

Review the forms listed above in advance to schedule doctor appointments or arrange for paperwork completion with the appropriate signatures. You can find these forms on the website for your convenience.

Submit all forms electronically by **August 19, 2020**. Your child will not be admitted to school until the Health Form and current Immunization Records are filed in the nurse's office.

Contact Nurse Neely, Nurse Carrie or Nurse Larissa for questions. You can send the forms to the nurses at [nurse@hses.org](mailto:nurse@hses.org) for your convenience.

Sincerely,

Neely Besetsny, R.N., B.S.N.  
Larissa Broussard, R.N., B.S.N.  
Carrie Frain, R.N., M.S.N.
